

KinderTrack – Run a Report

A Press **Reports** under **Reports**.

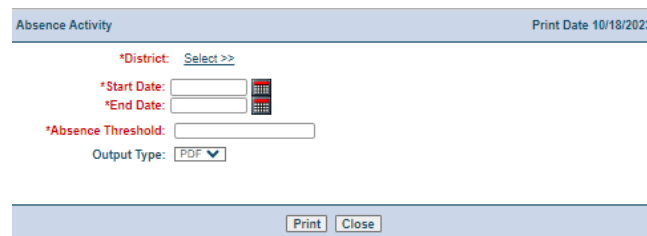

E Press **Print** to generate the report.

B Select the **Report** you would like to generate. Reports are organized by type. Each folder might contain multiple reports.

C Enter the criteria for the fields listed. **Note:** These will vary depending on the selected Report.

D Select the type of **Output** you would like to generate. **Note:** These will vary depending on the selected Report.
